

Kocaeli University Senate July 15 Announcement

The July 15 coup attempt is a treacherous rebellion against the State by a terrorist organization structured within the state that is unparalleled in the history of the Turkish Republic. Against this treacherous initiative, our Great Nation, with all its existence, preserved its state, its democracy, its freedom and its future and won a glorious victory and once again took his place in history.

In this process, Kocaeli University has demonstrated its determination with perseverance in the struggle that our new generation would be never targeted again by this type of organizations and illegal structures in the light of mind, science, morality and conscience. As has been before, after today, our university will continue to raise new generations who have free ideas and free conscience following the footsteps of the founder of our Republic, Mustafa Kemal Atatürk, the Great Leader.

As Kocaeli University, we would like to emphasize that the struggle spirit will be kept alive permanently in our University against FETÖ/PYD and other terrorist organizations and evil groups within the legal framework, under the leadership initiated by Mr. Recep Tayyip Erdoğan, the President of the Republic of Turkey, for the future of our homeland and state, for the welfare and happiness of our nation without compromising from basic rights and freedoms.

Our university is condemning humiliating attack towards our democracy with the same sensitivity today, as it was condemned harshly and with hatred before, by the terrorist organization of FETÖ/PDY which carried out a coup attempt one year ago against the will of our Great Nation.

On this occasion, we would like to express our gratitude to all our martyrs who sacrificed their lives in the struggle for independence and future, with mercy and blessing, with the wish of not to experience such treacherous attempts again.
