3RD MAYMET-ESO JOINT MEETING
“PROFESSIONALISM FOR BREAST SURGEONS”
5 October 2013 - Istanbul, Turkey

Scientific Coordinator: B. M. Gulluoglu, TR

In collaboration with

In association with

www.maymet.org / www.eso.net
Dear Colleagues,

We would very much like to invite you to the 3rd MAYMET–ESO Joint Meeting which will be held on October 5th this year in Istanbul. This meeting will also be a postgraduate in-training education event as it was before and free registration is provided to those who are eligible for admission.

As MAYMET-ESO joint meetings are becoming a tradition for inter and intra-disciplinary team education here in Istanbul, we are very enthusiastic to organize this third meeting as a bridge to achieve professional attitudes for surgeons during their daily practice. Therefore the theme of the meeting is decided to be “Professionalism For Breast Surgeons”. Both MAYMET and ESO, as their primary mission, are proud to organize this unique meeting to establish the standards of professional behaviour in breast care. After completion of this meeting we expect participants to gain non-technical as well as leadership skills which we think will help them to maintain quality in breast care and reduce medical errors. Meeting will focus on topics about professional attitudes at every step of breast care. Interactive panel discussions with invited faculty will follow educational, key-note and state-of-art lectures. The lectures will cover six professional competencies including ethical challenges and consent taking, preoperative decision making, preoperative patient preparation, operating room preparations, handling intraoperative clinical challenges and immediate postoperative attitudes with reporting skills.

This year also the leading physicians from various European countries and Turkey will be the speakers, moderators and panelists during the meeting. They will all reflect their non-technical experience to the colleagues at the hall. We hope the sessions will provide generous opportunities to have interactions among faculty and audience.

3rd MAYMET – ESO Joint Meeting is planned as a collaboration with Breast Centres Network. Also, SENATURK will be the main associate for the academic agenda. The meeting will be held at MARMA Congress Center which is a perfect venue for such a scientific event. For their kind hospitality, we also kindly thank Maltepe University School of Medicine.

We, as the steering committee, would like to see you among us during the meeting in Istanbul, the city where the continents meet.
CORE FACULTY

Can ATALAY, TR
Nuh Zafer CANTURK, TR
Alberto COSTA, IT, CH
Wolfgang GATZEMEIER, DE
Bahadir M GULLUOGLU, TR
Abut KEBUDI, TR

MEETING COORDINATOR

Daniela Mengato
Can ATALAY MD, PhP

Dr. Atalay is currently working as an associate professor of general surgery at Ankara Oncology Hospital, Turkey. He graduated from Hacettepe University School of Medicine in 1990. He completed his general surgery residency training at Ankara State Hospital between 1990-1994. Since 1995, he has been practicing at Ankara Oncology Hospital. He had his PhD degree on biotechnology at Middle East Technical University between 1997-2004. His doctorate thesis was on multidrug resistance mechanisms in breast cancer. He became associate professor of general surgery in 2006. He is the member of various national and international societies and serves as a reviewer in several journals. He has authored or co-authored 77 articles in peer-reviewed journals. His principal academic and research interests are breast cancer, multidrug resistance mechanisms, and application of molecular methods in cancer diagnosis. Prof. Atalay is the past-president of Ankara Society of Breast Diseases and currently the general secretary of Turkish Federation of National Societies of Breast Diseases.

Nuh Zafer CANTURK MD, FEBS (Hon)

Prof. Canturk received his medical degree from Sivas Cumhuriyet University School of Medicine in 1988. After completing his general surgery residency at Cumhuriyet University in 1994, he was assigned as assistant professor at Kocaeli University School of Medicine in 1995. He worked at Strang Cancer Prevention Center and Memorial Sloan Kettering Cancer Center as clinical observer for breast cancer management in 1997. He is currently working as professor of general surgery at Kocaeli University School of Medicine, Breast & Endocrine Surgery Unit since 2005. He is one of the founders of Kocaeli Society of Breast Diseases and currently the member of its executive board. He worked as the associate general secretary of Turkish Federation of National Breast Societies between 2009-2011. He is also one of the founders and current governors of MAYMET since 2008 and first vice-president of SENATURK. Prof. Canturk is also the executive committee member of South-East European Chapter of European-Asian Society for Breast Diseases (EURAMA).

Alberto COSTA MD

Dr. Costa MD is currently the coordinator of the Breast Surgery Unit at the Maugeri Foundation in Pavia, Italy and Canton Ticino Breast Unit, Lugano, Switzerland. He is the co-founder and current director of the European School of Oncology, Milan, which was established in 1982. Dr. Costa graduated from University of Milan School of Medicine in 1976. He also played a key role in establishment of the Italian School of Senology in 1984 and European Institute of Oncology, Milan in 1994. He previously served as secretary general of European Organization for Research and Treatment of Cancer (EORTC) and as a member of European Commission's Europe Against Cancer program. Dr. Costa has received 2010 ESMO Award by European Society of Medical Oncology (ESMO) and 2012 Van der Schueren Award by EUSOMA, EORTC and EuropaDonna in recognition of his key role in the development of international guidelines for breast cancer and his ongoing commitment to the education of oncologists. Dr. Costa is the current co editor-in-chief of The Breast.
Wolfgang GATZEMEIER MD

Dr. Wolfgang Gatzemeier completed his training in general surgery at the Department of Surgery of Göttingen University in 1998. During his training period, he was in charge of the outpatient clinic for surgical oncology, mainly focusing on breast cancer, as well as the interdisciplinary day hospital for systemic cancer treatment. Dr. Gatzemeier was the study coordinator of German Breast Cancer Study Group between 1987 and 1991. From 1999 to 2001, he worked as research fellow at the Breast Unit of the European Institute of Oncology, Milan, Italy. Between 2002 and 2008, he worked as a breast surgeon at the Breast Unit at the Maugeri Foundation, Pavia, Italy. Since 2008 Dr. Gatzemeier is currently the vice director of Breast Unit Humanitas Cancer Center Rozzano, Milan, Italy. His main fields of interest in clinical research are management of women at high risk for breast cancer, new imaging techniques for early detection of breast cancer, new developments in breast conservative surgery and new techniques in breast irradiation. Dr. Gatzemeier is active in promoting and supporting the process of developing European Breast Cancer Units since 2000 and was cofounder of Breast Centres Network in 2004. Since 1999, he is scientific coordinator of the European School of Oncology Masterclasses. From 2000 to 2004 he was a member of the Steering Committee of the "Leonardo da Vinci Project" of the Federation of European Cancer Societies (FECS), Brussels for the development of a Europe-wide system in Continuous Medical Education. Since 2001 he is a member of the Accreditation Council of Oncology (ACOE /UEMS) in Europe, Brussels. He is member of the scientific committee of mamazone in Germany and Italy focussing on patient education. He is also the member of the editorial board of The Breast. From 2002 to 2006, he was a member of the FECS education and training committee. Dr. Gatzemeier is currently a member of the German Cancer Society, German Surgical Society, Federation of German Surgeons (BDC), German Society of Senology, European Society of Breast Cancer Specialists (EUSOMA), and European Society of Surgical Oncology (ESSO).

Bahadir M GULLUOGLU MD, FACS, FEBS (Hon)

Prof. Gulluoglu, who is a surgical oncologist, graduated from Istanbul University, Istanbul Faculty of Medicine in 1991. After completing his general surgery residency in Marmara University in 1996, he established Breast & Endocrine Surgery Unit at his university hospital in which he still runs the unit as chair since 1998. He also held associate faculty member post at Breast & Endocrine Surgery Unit at Bergen University School of Medicine, Haukeland University Hospital, Norway in 2000 and 2008. He is currently holding the position of full surgical professorship at Marmara University School of Medicine since 2009. Prof. Gulluoglu is also a visiting professor at Koc University School of Medicine, Istanbul. He is the institutional research coordinator of European Organization for Research and Treatment of Cancer (EORTC), Breast Cancer Group since 2005, executive committee member of European –Asian Society of Breast Diseases (EURAMA) and member of European Board of Breast Surgery. He is also working as the active member of faculty at European Academy of Senology (EAoS) at Dusseldorf, Germany. Prof. Gulluoglu is the chairman of the Breast Cancer Screening & Early Diagnosis Committee of Turkish Ministry of Health and member of Cancer Advisory Committee for Istanbul City Public Health Authority. He is the co-founder and currently the surgical coordinator of Marmara University Hospital Breast Center which is a member of Breast Centres Network and president of SENATURK (Turkish Academy of Senology), as well. Prof. Gulluoglu is the co-editor-in-chief of Breast Case and member of board of governors at MAYMET.
BIOSKETCHES

Abut KEBUDI MD, FACS, FEBS (Hon)

Prof. Kebudi graduated from Istanbul University, Cerrahpasa Faculty of Medicine in 1981. After completing his general surgery residency in Istanbul University in 1988, he worked as a general surgeon in Sisli Etfal Education and Research Hospital, Istanbul, where he received his associate professor degree in 1998. He worked as a visiting professor in University of California, Los Angeles (UCLA) Harbor hospital for oncological and breast surgery. Prof. Kebudi worked also at Istanbul University, Istanbul Faculty of Medicine, Breast Surgery Unit. He is currently holding the position of full professorship at Maltepe University School of Medicine since 2004. He is currently the head of the General Surgery Department and Breast Surgery Unit at Maltepe University School of Medicine. He was elected as an active Fellow of American College of Surgeons (ACS) in 2006. He is a member of the Turkish Federation of National Breast Societies and also a member of board of governors at MAYMET. Prof. Kebudi is the second vice-president and executive director of SENATURK and executive board member of South-East European Chapter of EURAMA (European-Asian Society of Breast Diseases).

Mark KISSIN MD, MA, MB, MChir, FRCS

Mr. Kissin was trained in Cambridge, Oxford, The Middlesex Hospital, Bristol Royal Infirmary and St. Vincent’s Hospital, Melbourne. He spent two years doing research into breast cancer at the MRC Unit in Northwick Park Hospital investigating aspects of lymph node surgery, nipple preservation, breast reconstruction and running one of the first trials of chemotherapy after breast surgery. Mr. Kissin was appointed as consultant to the Royal Surrey City Hospital in 1991 and has been working there since then. He has been a Hunterian Professor at the Royal College of Surgeons of England. He was appointed as Quality Assurance Surgeon for Breast Screening for the South East Region (Kent, Surrey and Sussex) in 1991. In 1997 he was the first surgeon in the UK to introduce the sentinel lymph node technique. Using this experience he became the driving force behind the widely acclaimed ALMANAC trial. This lead onto the Royal Surrey Breast Unit becoming one of the nation’s main centres for the NEW START trial whereby other breast units were formally trained in how to carry out sentinel node biopsy. In 2006 he was approached by the Japanese company Sysmex to lead pilot trial and introduce the OSNA (One-step Nucleic Acid Amplification) technique into Britain. Mr. Kissin is member of the British Breast Group and the Early Breast Cancer Trialists’ Collaborative Group, as well as a member of the Association of Breast Surgery.

Kemal KUSCU MD, MPH, MSc, MA

Prof. Kemal Kuscu, following his graduation from Istanbul University Istanbul Faculty of Medicine in 1992, completed his psychiatry residency at Marmara University School of Medicine in 1998. He also had his Master of Public Health (MPH) degree at Marmara University, School of Health Sciences in 1998. In 1999, Prof. Kuscu received his MSc degree after he completed his studies at Anthropology Department of London University College in the UK. He also had MA degree for Systemic Family Therapy at Tavistock and Portman Clinic, London, UK in 2000. Prof. Kuscu previously worked as project leader and advisor at United Nations (UN) mission to Kosovo on “Psychosocial Mobile Teams” task between 2001 and 2003. Along with this mission, he is a constant advisor to UN at various levels in different departments regarding his clinical abilities and experience. Dr. Kemal Kuscu is currently working as associate professor of psychiatry in Marmara University School of Medicine. Prof. Kuscu is the current executive leader of European Union Project “Emotional Intelligence and Social Sensibility for Health Professionals” in Turkey. Prof. Kuscu is an active member of breast cancer management team at Marmara University Hospital Breast Center in Istanbul and chairman of Psychiatry Department at SENATURK since its establishment.
Kerstin SANDELIN MD, PhD, FACS, FRCS
Prof. Sandelin is a breast and endocrine surgeon and associate professor at Department of Molecular Medicine and Surgery, Karolinska Institution in Stockholm, Sweden. She is the clinical director of surgery for undergraduate students at her institution. She is also senior breast consultant at Department of Breast and Endocrine Surgery in Karolinska University Hospital and chair of the steering group of National Breast Cancer Registry. She is also the past-president of Breast Surgery International (BSI) which is an integrated society of International Society of Surgery (ISS) and European Board of Breast Surgery Working Group. Prof. Sandelin is accredited as a breast surgeon by Swedish Breast Surgeons Society in 2008. She is currently the associate editor of World Journal of Surgery and member of the editorial board of The Swedish Medical Journal, The Breast and The Breast Journal.

Emiel J Th RUTGERS MD, PhD, FRCS
Prof. Rutgers is a surgical oncologist at the Netherlands Cancer Institute in Amsterdam, Netherlands, head of the Department of Surgery and chair of the Institutes Breast Cancer Working Group. He is currently secretary general of the EORTC, further fellow of the Royal College of Surgeons (London & Glasgow); treasurer and past-chair of the European Organization for Research and Treatment of Cancer (EORTC) Breast Group; and chair of the National Dutch Working Group for the guidelines on screening, diagnosis, and treatment of breast cancer. He is a member of several societies including the European Society of Surgical Oncology, Society of Surgical Oncology (United States), American Society of Clinical Oncology (ASCO), and European Society of Mastology. He was the chair of the European Breast Cancer Conference in Berlin April 2008. Prof. Rutgers’ main field of interest is breast cancer, with emphasis on prognostic and predictive factors (micro-array techniques), risk management and prevention, and optimalisation of surgical procedures including neo-adjuvant chemotherapy, sentinel node procedure and immediate breast reconstruction. He is on the editorial board of the European Journal of Surgical Oncology. Prof. Rutgers is the principal investigator of the EORTC AMAROS Trial (in sentinel node biopsy in breast cancer) and the EORTC MINDACT Trial, which is studying the value the 70-gene micro-array Mammaprint test in node negative and positive breast cancer.

Omar Z YOUSSEF MD
Dr Youssef is currently working at National Institute of Cancer in Cairo, Egypt as an associate professor, breast surgeon and surgical oncologist. His area of specialty is breast diseases and breast reconstruction. He is currently the secretary of Euro-Arab School of Oncology (EASO) and Breast Surgery International (BSI). Dr. Youssef is the course director of annual Euro-Arab Breast Reconstruction Course and BSI Breast Surgery Workshop at International Surgical Week 2013 in Helsinki, Finland.
08:30 OPENING.........................................................A Costa & A Kebudi & B M Gulluoglu

“MAYMET” TEACHING LECTURES “Professional Behaviour in Preoperative Period”

Moderator: A Costa

08:40 LECTURE 1: Teamwork in diagnostic breast care.........................................................N Z Canturk
08:55 LECTURE 2: Decision making in management of benign breast diseases...........................C Atalay
09:10 LECTURE 3: Clinical challenges on decision making in breast cancer treatment...............E J Th Rutgers
09:25 PANEL................................................................................................................N Z Canturk, C Atalay, E J Th Rutgers

09:55 COFFEE BREAK

“ESO” TEACHING LECTURES “Non-Technical Skills for Surgeons Before Surgery”

Chair: A Costa

10:20 LECTURE 1: Communication with patients & family: Delivering bad news...........................K Sandelin
10:35 LECTURE 2: Ethical challenges in treatment decision & consent procedure.............................M Kissin
10:50 LECTURE 3: How to enroll patients for clinical trials........................................................E J Th Rutgers
11:05 PANEL................................................................................................................K Sandelin, M Kissin, E J Th Rutgers

TEACHING LECTURES “Surgeon and the OR”

Chair: B M Gulluoglu

11:35 LECTURE 1: Situation awareness in the OR.................................................................C Atalay
11:50 LECTURE 2: Decision making in the OR.................................................................A Kebudi
12:05 LECTURE 3: Communication and teamwork in the OR...........................................O Z Youssef
12:20 PANEL................................................................................................................C Atalay, A Kebudi, O Z Youssef
12:50 LUNCH

TEACHING LECTURES “Non-Technical Skills for Surgeons After Surgery”

Chair: E J Th Rutgers

14:00 LECTURE 1: Professional attitudes at immediate postoperative period.................................................M Kissin

14:15 LECTURE 2: Conveying effective oral and written information: Reporting skills.................................W Gatzemeier

14:30 LECTURE 3: How should surgeon disclose medical error to the patient?..................................................K Sandelin

14:45 PANEL.................................................................................................................................M Kissin, W Gatzemeier, K Sandelin

“SENATURK” TEACHING LECTURES “Leadership”

Chair: M Kissin

15:15 LECTURE 1: Leadership in breast care..................................................................................................A Costa

15:30 LECTURE 2: Understanding and managing stress in clinical grounds....................................................K Kuscu

15:45 LECTURE 3: How to cope with innovation in medicine as a surgeon....................................................W Gatzemeier

16:00 PANEL................................................................................................................................................A Costa, K Kuscu, W Gatzemeier

16:30 ADJOURN
MEETING VENUE

Meeting will be held at MARMA Kongre Merkezi, Maltepe Universitesi, Marmara Eğitim Köyü, 34857, Maltepe, ISTANBUL, TURKEY. Map is shown below:

ACCOMODATION

MARMA Congress Hotel (a five star-hotel) will be available for guests coming outside Istanbul.

Address: Marmara Eğitim Köyü, Maltepe, İstanbul Tel: +90 216 6261169

e-mail: info@marmakongremerkezi.com

Web: http://www.marmakongremerkezi.com

CME CREDIT

CME credits will be given by Turkish Medical Association to participants.

REGISTRATION AND FEE

Registration is free of charge but obligatory. Applicants should register themselves via e-mail given below and provide their CV during registration. Seats at the meeting are limited to 125 participants, therefore registrations will be accepted on a first-come first-served basis. Strictly, unregistered guests will not be allowed for admittance.
